Before You Begin

Before you begin the application process, it is important that you ensure that you meet the program requirements and qualifications. Specific qualifications for each provider type are listed in the Provider Qualifications and Requirements Checklist. Reference the following link. <https://www.nctracks.nc.gov/content/public/dms/public/pdf/enrollment/nctracks-providerchecklist.pdf>

The enrollment application is completed online via the NCTracks provider portal. To login to the provider portal you will need a NCID. Reference the “Getting Started” page of the portal for additional information. <https://www.nctracks.nc.gov/content/public/providers/getting-started.html>

If your taxonomy requires one or more of the following accreditations, please have a copy of this accreditation available before you begin the application process, as you will need to submit proof of the accreditation to CSC. A copy can be attached to the application or it can be faxed/emailed/mailed to CSC separately.

- CMS letter of approval verifying Medicare participation.
- Durable Medical Equipment (DME) providers must submit a current copy of the National Clearinghouse Supplier letter from CMS verifying Medicare participation (cannot be more than 3 yrs from the date of approval indicated on the letter).
- Nurse Practitioners must submit a copy of the Nurse Practitioner (NP) certification. Per 21 NCAC 36. 0805 (a) “Nurse practitioners with first-time approval to practice after January 1, 2000, shall provide evidence of certification or recertification as a nurse practitioner by a national credentialing body. NPs licensed prior to January 1, 2000 did not have to be certified by a national credentialing body.
- Independent Laboratory providers must submit a copy of CLIA certification

If you answer “Yes” to any of the exclusion/sanction questions, you must also submit the required documentation applicable to the question. Failure to disclose exclusion, sanction, penalty or criminal convictions may result in the denial of your application.

This information can be provided by attaching the documentation to the application or by faxing/emailing/mailing the information to CSC. For faster processing, it is recommended that you attach the documentation directly to the application.

If you choose to fax, email or mail this documentation to CSC, you **MUST** include the NPI on the fax cover sheet, within the document, or in the body of the email to ensure that the additional information is correctly routed.

Overview

This user guide provides step-by-step instructions for completing the enrollment application for an individual provider using the NCTracks provider portal.

The enrollment process includes credentialing, endorsement, and licensure verification to ensure that all providers are in good standing in the community.

A \$100 NC Application Fee is required from individual providers if active in Medicaid and/or North Carolina Health Choice. A \$100 NC Application Fee is also required per tax ID from organizations and atypical organizations if active in Medicaid and/or NCHC. The \$100.00 fee is required for initial enrollments, re-enrollments and every three years when providers complete the re-credentialing process.

The application fee will be collected per site location prior to submitting an initial enrollment or re-enrollment application. Initial enrollment is defined as an In-State or Border-Area provider who has never enrolled for participation in the N.C. Medicaid/Health Choice programs.

DMA cannot provide special consideration for processing of enrollment applications due to provider error, incomplete information, or due to a delay in obtaining credentialing, endorsement or licensure information from another agency.

Providers are not guaranteed a retroactive effective date and are strongly encouraged to provide services only after they are enrolled as a Medicaid and/or Health Choice provider. However, DMA will consider specific requests for retroactive effective dates if a recipient has been granted retroactive eligibility, an emergency service was provided, or medically necessary services were rendered and the provider's credentials, licensure, certifications, etc. were active and in good standing for the earliest requested date of service.

Change of Ownership

If you have completed a change of ownership for a provider record, and you received a new NPI, you will need to complete a new enrollment for the NPI. If you did not receive a new NPI, you will need to complete a manage change request to update the record as needed.

NOTE: Changes to the provider name or EIN cannot be completed via a Manage Change Request. Please submit the legal documentation regarding the change to CSC so the information can be updated.

Completing the Provider Location & Selecting the Enrollment Application Type

The “Online Provider Enrollment Application” screen will display. For information the four different application types, [click here](#).

A group is considered a business entity under which one or more individuals practice. A group does not require multiple professional providers. A single provider group is a valid group and would be identified by the business entity name, for instance - John Doe, PC. If you are a single provider operating as a group, DO NOT individual. Instead, select “Organization” as the application type. Reference the separate job aid for enrolling as an organization.

1. Enter the 9-digit ZIP Code (ZIP +4) of your primary practice location for determination of In-State, Border, or Out-of-State enrollment.

Border providers are those providers who render services within 40 miles of the North Carolina border. Out-of-state services are defined as services more than 40 miles outside of the borders of North Carolina (NC). For additional information and requirements regarding border and OOS providers, please reference the following URL.

2. For individual providers, select the radio button next to “Individual”.
3. Click the “Next” button to continue.

Completing the Individual Basic Information

1. The following screen will display. Complete the following required fields for the “Identifying Information” section.

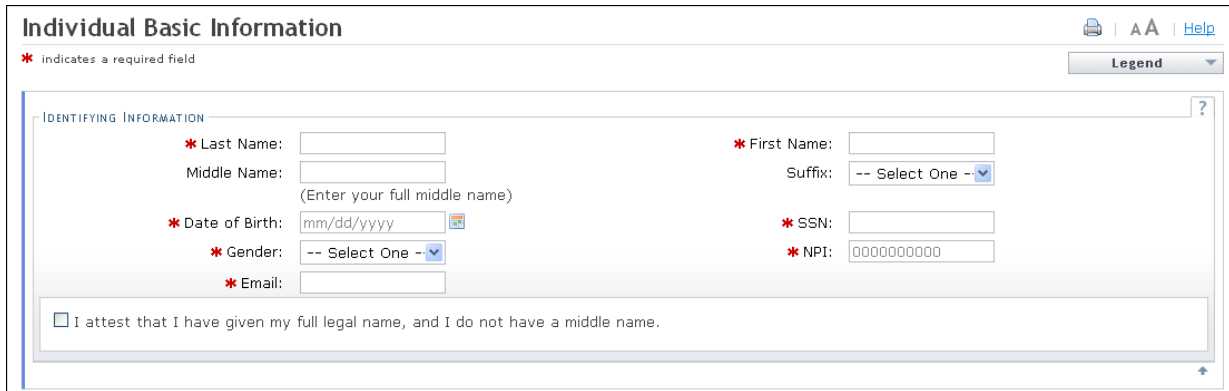

- Last Name
- First Name
- Date of Birth
- SSN (Social Security Number)
- Gender
- NPI
- Email

It is critical that you enter a valid Name, Date of Birth (DOB) and Social Security Number (SSN) and that you verify the accuracy of this information before continuing to the next section.

If your legal name contains a suffix such as Jr., Sr., you must select the suffix.

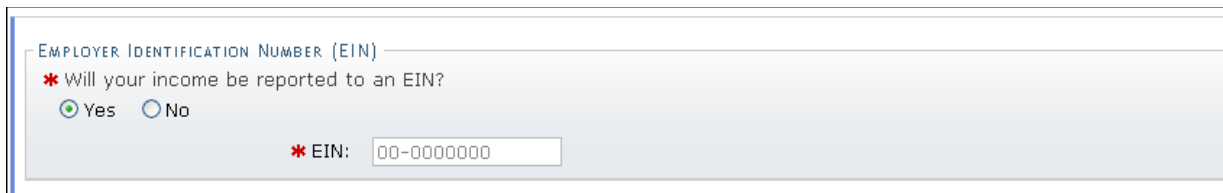

An inaccurate or invalid Name, DOB or SSN will cause your application to be denied, and you will have to resubmit a new application with the correct information and resubmit all appropriate application fees.

The screenshot shows the "Individual Basic Information" form with the "Identifying Information" section expanded. The form includes fields for Last Name, First Name, Middle Name, Date of Birth, Gender, Email, SSN, and NPI. A legend indicates that an asterisk (*) denotes a required field. A checkbox at the bottom allows the user to attest that they have given their full legal name and do not have a middle name.

Figure 6: Individual Basic Information - Identifying Information

2. If you wish to report income to an EIN, under the EMPLOYER IDENTIFICATION NUMBER (EIN) select “Yes” and enter your EIN.

The screenshot shows the "EMPLOYER IDENTIFICATION NUMBER (EIN)" section of the form. It includes a question: "Will your income be reported to an EIN?" with radio button options for "Yes" and "No". Below this is a field for the EIN, labeled with an asterisk (*) to indicate it is required.

Figure 7: Individual Basic Information - EIN

3. Under the DOING BUSINESS AS (DBA) section, for the question titled “Do you operate under a trade or company name?” select “Yes” or “No”.

If you are an in-state organization and you enter a Doing Business As (DBA) name on the application, the name will need to be source-verified against the North Carolina Secretary of State's Website. If the DBA name is not registered, it will be removed from the provider record during the processing of the application.

4. The fields titled “DBA Name” and “Years Doing Business under This Name” will display. Enter the full DBA name and number of years in the appropriate fields.

Figure 8: Individual Basic Information - DBA

5. Under the RENDERING/ATTENDING ONLY PROVIDER section, select “Yes” if you will not be independently billing for services. By selecting “Yes”, you are indicating that the provider is affiliated with a organization or group and that the group will be billing for services on behalf of the provider.

If you select “Yes” for this question, you will not be able to enter EFT information, as it is assumed that another provider record will be billing for all services rendered under this provider record. In addition, you will be required to affiliate to another provider record during the application process.

Figure 9: Individual Basic Information - Rendering/Attending Only Provider

6. Under the OWNERSHIP INFORMATION section, from the “Business Type” drop down menu, select SELF, SINGLE-OWNER LLC or SOLE PROPRIETOR. The options for this drop down menu will depend on whether you will report income towards the SSN of the provider or towards a EIN. If you are unsure which option to select, it is recommended that you consult an attorney.

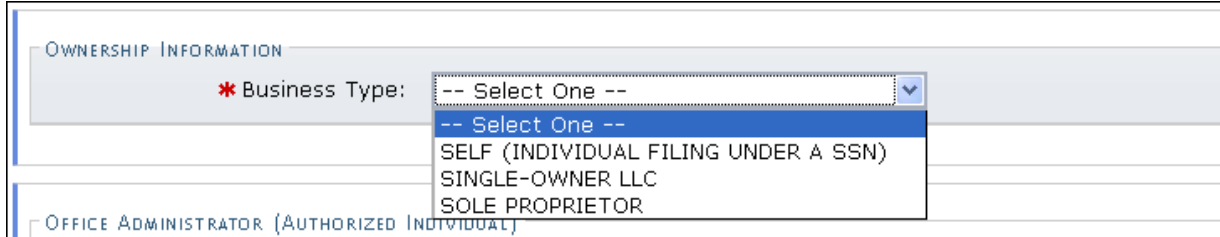

Figure 10: Individual Basic Information - Ownership Information

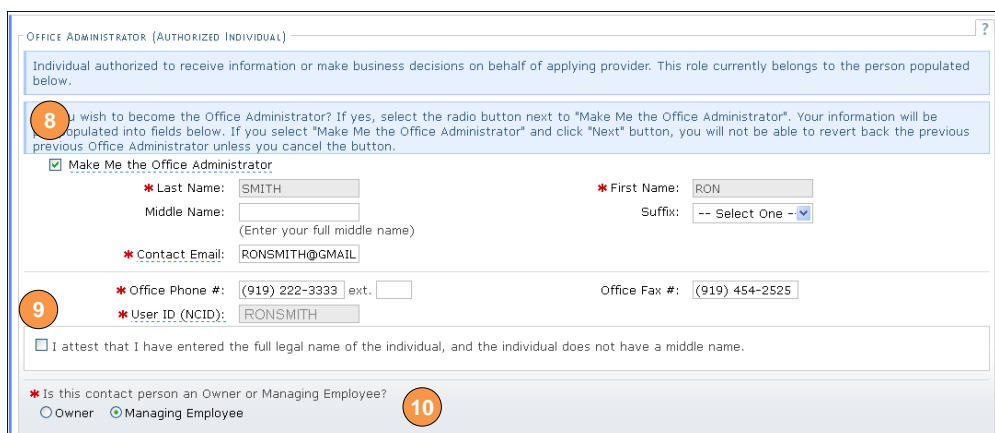

7. The OFFICE ADMINISTRATOR (OA) (AUTHORIZED INDIVIDUAL) section identifies the person who is authorized to receive information or make business decisions on behalf of the applying provider. Select the check box at the top to indicate that you will be the OA. Otherwise, enter the name and contact information for the OA.

The Office Administrator MUST be added as an owner or managing employee. A managing employee is a general manager, business manager, administrator or director who exercises operational or managerial control over the entity either directly or indirectly.

In addition to the provider and the office administrator, it is recommended that at least one other managing employee be added to the provider record. In the event that the current OA leaves the organization, it will make the transition to a new OA much easier

8. Complete the following required fields.
 - Last Name
 - First Name
 - Contact Email
 - Office Phone
 - User ID (NCID)
9. Click the name attestation check box
10. Select “Owner” or “Managing Employee.”

11. Under the EFFECTIVE DATE REQUESTED section, select the effective date.

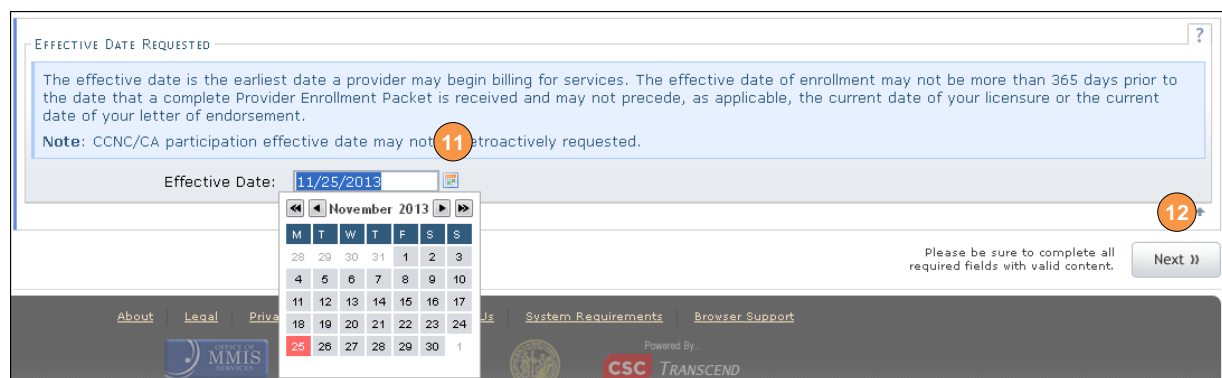

The date will default to the current date. This date will determine the effective dates of your service locations and taxonomies. The effective date is the earliest date a provider may begin billing for services. **If you do not back date this date, your effective date of enrollment will be the current date.**

In addition, in later sections of the enrollment application, you will be prompted to enter previously enrolled health plan information. If you do not enter previously enrolled health plan data the requested effective date will also determine the effective dates of your health plans. It may be backdated, within certain limitations.

The effective date of the enrollment may not be more than 365 days prior to the date that the enrollment application is submitted. In addition, the effective date may not precede as applicable, the current date of your licensure or the current date of your letter of endorsement.

NOTE: CCNC/CA participation effective date may not be retroactively requested.

12. Once all required fields have been completed, click the "Next" button to continue.

EFFECTIVE DATE REQUESTED

The effective date is the earliest date a provider may begin billing for services. The effective date of enrollment may not be more than 365 days prior to the date that a complete Provider Enrollment Packet is received and may not precede, as applicable, the current date of your licensure or the current date of your letter of endorsement.

Note: CCNC/CA participation effective date may not be retroactively requested.

As part of the transition to NCTracks, NC DHHS reviewed all providers and pre-selected new taxonomy codes for each provider based the provider specialty. Many of these new codes are considerably different from the previous taxonomy codes selected by providers. However, these new codes have been approved for use by the state and should be used when submitting claims or prior approvals. If you do not know which taxonomy to select, review the state selected taxonomy code for your NPI at the following web address: <http://ncmmis.ncdhhs.gov/taxonomy.asp>.

The taxonomies available on the NCTracks drop down menus are the ONLY taxonomies that have been approved by the Office of (OMMIS).

If your taxonomy requires one or more of the following certifications, you **MUST** either attach a copy of the accreditation to the enrollment application or fax/email/mail a copy the accreditation to CSC. Attaching a copy of the accreditation is done on the last page of the application. This is the fastest way to process the application.

- CMS letter of approval verifying Medicare participation.
- Durable Medical Equipment (DME) providers must submit a current copy of the National Clearinghouse Supplier letter from CMS verifying Medicare participation (cannot be more than 3 yrs from the date of approval indicated on the letter).
- Nurse Practitioners must submit a copy of the Nurse Practitioner (NP) certification. Per 21 NCAC 36. 0805 (a) “Nurse practitioners with first-time approval to practice after January 1, 2000, shall provide evidence of certification or recertification as a nurse practitioner by a national credentialing body. NPs licensed prior to January 1, 2000 did not have to be certified by a national credentialing body.
- Independent Laboratory providers must submit a copy of CLIA certification

As required by 42 CFR 1002.3, providers must disclose specific information for each individual officer, managing employee, director, board member, and Electronic Funds Transfer (EFT) authorized individual. Failure to provide the required information may result in a denial for participation.

- It is critical that when entering information on this page that you enter the legal name, including the full middle name, Date of Birth (DOB) and Social Security Number (SSN) for each owner or managing employee and that you verify the accuracy of this information before continuing to the next section. An inaccurate or invalid Name, DOB or SSN will cause your application to be denied and you will have to resubmit a new application with the correct information and resubmit all appropriate application fees.
- The Office Administrator MUST be added appropriately as owner or managing employee. In addition to the provider and the office administrator, it is recommended that at least one other managing employee be added to the provider record. In the event that the current OA leaves the organization, it will make the transition to a new OA much easier.

1. To add a new managing employee, under the “Agents and Managing Employees” section, click the “Yes” radio button.

If your taxonomy requires one or more of the following certifications, you **MUST** attach a proof of the certification to the enrollment application, or email/fax/mail a copy of the accreditation to CSC, as they cannot be source verified online. Reference the next page for step by step instructions. This is the recommended way to provide supporting documentation, as your application will processed faster.

- CMS letter of approval verifying Medicare participation.
- Durable Medical Equipment (DME) providers must submit a current copy of the National Clearinghouse Supplier letter from CMS verifying Medicare participation (cannot be more than 3 yrs from the date of approval indicated on the letter).
- Nurse Practitioners must submit a copy of the Nurse Practitioner (NP) certification. Per 21 NCAC 36. 0805 (a) "Nurse practitioners with first-time approval to practice after January 1, 2000, shall provide evidence of certification or recertification as a nurse practitioner by a national credentialing body. NPs licensed prior to January 1, 2000 did not have to be certified by a national credentialing body.
- Independent Laboratory providers must submit a copy of CLIA certification

If you answered "Yes" to any sanction questions, you must also submit the required documentation applicable to the question.

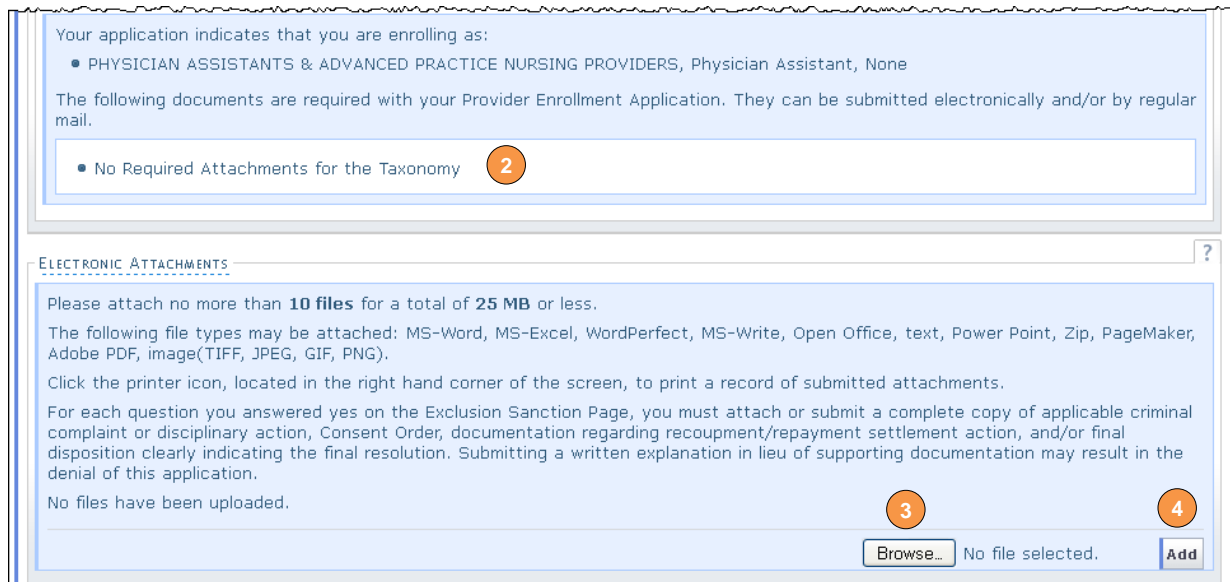

If you fax, email or mail this documentation, you MUST include the NPI on the fax cover sheet or somewhere on the document or in the body of the email to ensure that the additional information is correctly routed.

Enrollment Application Types

Individual: An individual provider enrollment should be completed if the provider is a person who will be affiliated with an organization or may bill independently for services. When completing the Individual Provider Enrollment application, you will be given the opportunity to also enroll as a Primary Care Provider (PCP) in the CCNC/CA program if your provider type qualifies you to be a PCP.

Organization: An Organization is an entity, facility, or institution that may be an affiliation of individual providers. When completing an Organization Provider Enrollment application, you will be given the opportunity to also enroll as a PCP in the CCNC/CA program if your provider type qualifies you to be a PCP.

Atypical Organization: As defined by CMS, Atypical providers are providers that do not provide health care, as defined under HIPAA in Federal regulations at 45 CFR section 160.103. Taxi services, home and vehicle modifications, and respite services are examples of atypical providers reimbursed by the Medicaid program. Even if these atypical providers submit HIPAA transactions, they still do not meet the HIPAA definition of health care and therefore cannot receive an NPI.

Billing Agents and Clearinghouses: Third party entities or businesses that submit information directly to CSC as the NC DHHS Fiscal Agent on behalf of an enrolled provider.

Common Errors When Updating the Address

If the address is recognized as having a secondary unit, such as an apartment number, suite, department, or room number at a single address, it may result in the following error message.

Error Summary

Please fix the following errors before you proceed. Click each error message to navigate to the field requiring correction or data entry.

- [ServiceLocation: Missing Apt/Suite Number](#)

Figure 80: Error Message Missing Apt/Suite Number

To resolve the error, enter the applicable Apartment, Suite or Floor Number in either the Address Line 1 or Address Line 2. The entry is not case sensitive. For example, "Suite" may be entered as "STE" or "Ste".

You may also verify your address at the USPS website:

<https://tools.usps.com/go/ZipLookupAction!input.action>

IMPORTANT: The format of the Apartment, Suite or Floor Number must match the format that is used by the USPS. Reference the list of approved abbreviations.
